Where do you start when trying to come up with concepts for your next corporate meeting or event…well, how’s this???? Our corporate meeting planners have compiled a list of 127 event themes & concepts. AMI CEO, Andy McNeill says:

“Coming up with a concept behind your meeting or event helps to drive your planning in the right direction, keeps your messaging on track and ultimately can ensure that you accomplish your goals.”

For a sales meeting, corporate meetings, incentive trips and more, take this list and play off these concepts to come up with your own theme that best fits your upcoming meeting. Good luck!
